## INTRODUCTION

2020 5th International Conference on Biomedical Imaging, Signal Processing (ICBSP 2020) will be held in Kyushu Institute of Technology, Kitakyushu, Japan during September 27-29, 2020. The aim of ICBSP 2020 is to present the latest research and results of scientists related to Biomedical Imaging, Signal Processing topics. This conference provides opportunities for delegates to exchange new ideas and application experiences face to face, to establish business or research relations as well as to find global partners for future collaboration. We hope that the conference results constituted significant contribution to the knowledge in these up-to-date scientific fields.

## PAPER PUBLICATION

After a careful reviewing process, all accepted papers after proper registration and presentation, will be published in the following conference proceedings or journal.

Option A: Conference Proceedings: indexed by **Ei Compendex** and **Scopus**, and submitted to be reviewed by Thomson Reuters Conference Proceedings Citation Index (ISI Web of Science).

Option B: Journal of Image and Graphics (JOIG, ISSN: 2301-3699): indexed by Ulrich's Periodicals Directory, Google Scholar, Crossref, IndexCopernicus, etc.
